SUMMARY

Driven by a passion for web development, I bring 1 year of experience creating responsive and scalable applications using the MERN stack as well as core web technologies like HTML, CSS, and JavaScript. With a B.Tech in Computer Science, I specialize in both front-end and back-end development. I thrive in collaborative teams, write clean, maintainable code, and stay committed to continuous learning and innovation.

EDUCATION

Bachelor of Technology in Computer Science Engineering   2020 - 2024
Institute of Technology Gopeshwar. : 70%

Class XII (UK BOARD)   2019
SDSS Career Public School, Rishikesh, 78%

Class X (UK BOARD)   2017
SDSS Career Public School, Rishikesh, 69.2%

SKILLS

Front-End	HTML, CSS, JavaScript, React, Redux, Bootstrap, Tailwind CSS
Back-End	Node.js, Express.js
Database	MongoDB, MySQL, PostgreSQL
Full Stack	MERN Stack (MongoDB, Express.js, React, Node.js)
Programming Languages	C, C++, Java
Design	Figma (UI/UX Design)
Tools	Git, WordPress

PROJECTS

E-commerce Clothing Website   *MERN Stack*

· Developed a full-featured clothing e-commerce platform using the MERN stack.
· Implemented key features such as user authentication (login/signup), add-to-cart, and order management.
· Designed a responsive UI with Figma to enhance the shopping experience.

Billboard Booking System   *React, Redux, Figma*

· Designed and developed a web application to streamline the process of booking billboard advertisements.
· Created a clean and intuitive user interface using Figma.
· Utilized React and Redux for dynamic UI and efficient state management.

Certificate Verification and Creation Website   *React*

· Built a web application for verifying and generating certificates with accuracy and efficiency.
· Designed a user-friendly interface to simplify the certificate management process.
· Demonstrated strong proficiency in React and interface design.

Sanskriti Yogpeeth Website   *HTML, CSS, JS, Bootstrap, Figma*

· Developed a responsive website for a yoga school showcasing programs and instructor profiles.
· Designed the UI using Figma and implemented mobile-friendly layouts with Bootstrap.
· Delivered a clean and informative platform for visitors and students.

CERTIFICATIONS

- The Complete MERN Stack Development Course   March 2024
- Full-Stack Web Development with React Specialization   November 2023

EXPERIENCE

- Full-Stack Developer at Medgallant Proprietor   August 2024 – Present

Developing and maintaining full-stack web applications using the MERN stack, implementing user authentication, and collaborating with designers and backend teams to deliver production-ready features.

EXTRA-CURRICULAR ACTIVITIES AND ACHIEVEMENTS

Participated in a college-level quiz competition focused on C programming

Successfully led and managed the college's annual Tech Fest, coordinating various events and activities

Participated in various technical events during the college Tech Fest

Served as the Class Representative in the final year, representing the class in academic and administrative matters

Represented the college in inter-college cricket tournaments as part of the official cricket team
